NEW additions to July 2023 SPA Internship and Employment e-bulletin - Review and Act Now!
Updated 07/25/23

LOCAL

Are you passionate about park systems? The City of Tempe is now hiring for a new park ranger program set to launch this fall. Positions include park ranger, park ranger lead and park ranger supervisor. 
Get experience, build skills and develop a professional network before you graduate.
View the openings, as well as other job opportunities in the city, at tempe.gov/jobs.
OR See openings and apply

FEDERAL

REMINDER!
Virtual Student Federal Service Internships are still open for application through July 31!
Undergrad and grad students are eligible to intern with multiple participating agencies during the 2023-2024 academic year - you can work virtually, do not need a minimum GPA, can be any year in college, and do not need a security clearance. The internship is also part-time so you only work 10 hours a week. You can see the full list of projects available to apply for here https://openopps.usajobs.gov/communities/17. If you want to help Antoinette recruit the next generation of diplomats in the Southwest, you can apply to her project at https://openopps.usajobs.gov/internships/5454.

NEW

The U. S. Bureau of Land Management, a robust agency of the Department of the Interior, is currently recruiting for the Canyon of the Ancients National Monument - Visitor Services intern (Delores, Colorado) - Housing provided, $530 a week+$245 housing stipend, 17 week term, $1,718.25 AmeriCorps scholarship (awarded after successful completion of term). The application site is down at the moment but interested individuals can contact kiana@conservationlegacy.org
Info on agency and more internship and employment opportunities at https://www.blm.gov

NEW

Like games? Enjoy encouraging others to learn? - Check out this new opportunity to serve
The Federal Bureau of Land Management is also seeking an Intern for Education Program Content Creation for Virtual Junior Ranger Game.
The internship will involve researching and developing the content for the educational app, however, only a basic understanding of computers is needed. What is more important is a background and knowledge of education and interpretation program and curriculum design. In addition, the ability to research and understand information related to natural, cultural, and paleontological resources and deliver it to a variety of learners is needed.
Information and application here - https://openopps.usajobs.gov/internships/5179

NEW

Need experience? Live in/near one of these national parks/sites?
Then get a head start on your transition from student to graduate employment and skill building

Interested individuals, consider these opportunities, dates need update but these are the current internships open with BLM. Links
